EXECUTIVE SUMMARY

Knowledgeable, dedicated and experienced **Full Stack Web Developer** credited with 3 plus years of experience as a Mid-Level Software developer. A collaborative developer and engineer with experience and education in the hardware and software sides of technology who thrives on discovery and accelerating performance. A Summer 2018 Master of Computer Science graduate from the Nova Southeastern University.

FUNCTIONAL EXPERTISE

- **Web Standards**
- **Full Stack Developer**
- **Teamwork and Cross-functional Communication**
- **UX & UI Design**
- **Agile Methodologies**
- **Strategic Planning & Analysis**

PROFESSIONAL SKILLS

- Programing Languages: Java, C++
- Proficient in HTML5, CSS3, SASS, PHP, JavaScript (ES7), jQuery, ReactJS, Redux, NodeJS, NPM, Git, Webpack, RESTful API, JSON, AJAX, Adobe Photoshop, MS Office Suit, ExpressJS, Jest, TypeScript.
- Database: MySQL, MongoDB, PostgreSQL
- Cloud Technology: AWS
- Container Technology: Docker
- Version Control: GitHub, and Bitbucket

FUNCTIONAL EXPERTISE DEMONSTRATED

FULL STACK WEB DEVELOPER   February 2018 – Present
Freelance
- Utilized extensive technical skills to develop client websites that exceeded expectations.
- Provided exceptional customer service while managing client emails in a timely manner.
- Developed concepts, controlled project flow and ensured deliverable milestones were met.
- Develop and maintain website using HTML5, CSS3, Bootstrap 4, JavaScript, React, Express and Node.js.

INTERN   March 2018 – July 2018
Farmers Insurance   Seattle, WA
- Developed and designed Front-end code using HTML, CSS and implemented functionality in JavaScript.
- Closely worked with back-end developers to optimize existing web technology for better user experience.
- Tested front-end code to ensure cross-browser compatibility.
- Worked as a member of Agile scrum team and coordinated workflow with project members. Gained exposure in understanding client interaction.

- Gained hands-on experience with ReactJS, NodeJS, Git/GitHub, Data Structures, Algorithms, APIs, and tech principles and culture via both team/individual projects, code reviews, and pair programing.

WEB DEVELOPER   January 2017 – February 2018
Nova Southeastern University   Fort Lauderdale, FL
Served as a graduate student assistant for maintaining university website.
- Utilized strengths in collaborative communication working with the development team to build and maintain application platforms
- Stayed abreast of industry trends and web technologies to achieve the best results for website.

WEB DEVELOPER   November 2015 – October 2016
Xcellence IT   India
Served as an integral member of the development team combined with creatives and developers regarding various projects daily.
- Work collaboratively with clients and team members to provide rapid, robust front and back end web development optimizing user experience.
- Designed, developed, and maintained a database-driven web application written in HTML, CSS, JavaScript, jQuery, and PHP.
- Created custom web pages from themes.
- Translated business and functional requirements into documented technical specifications.
- Increased average production rate by 10% through building landing pages and debugging websites.

SOFTWARE ENGINEER   June 2015 –October 2015
Tops Technology   India
- Worked on various new enhancements on the system that involved requirements analysis, designing the solution, development and implementation.
- Designed and developed the application using Agile Methodology.
- Analyzed user needs and software requirement to determine feasibility of design within time a cost constraint and implemented client and server-side code using Java, J2EE, JavaScript and JSP.
- Involved in the configuration and development of the user database using JDBC and SQL.

RELEVANT PROJECTS

Smart-Brain App: A face detection app, which detects multiple faces on given image. Final project for Udemy web developer course. Technology used: HTML 5, CSS3, Node, React, Redux, Express.js, Redis, Docker, PostgreSQL.
Restaurant Website: Serving as Lead Full Stack Developer. Built an interactive web application from scratch to showcase their food.
KarmaKonnect: Serving as Front End Developer, consulted with the client regarding the user experience (UX) and user interface (UI) development regarding redesign.

EDUCATION

Master of Science (Computer Science). Nova Southeastern University (Fort Lauderdale, FL), July 2018
- GPA in Program: 3.81/4.0

Bachelor of Engineering (Computer Engineering). R. C. Patel Institute of Technology (India), June 2015
- GPA in Major: 3.61/4.0

CERTIFICATION

Java Certification. Indian Institute of Hardware Technology (Bengaluru, India), August 2013
The Complete Web Developer in 2018: Zero to Mastery. Udemy (Certificate No. UC-DGJC9N7J), June 2018
The Complete Junior to Senior Web Developer Roadmap. Udemy, Current
